Welcome

Rhodes Red Angus Ranch

On behalf of our entire crew, we would like to welcome you to our 7th Annual Rhodes Red Angus Ranch Production Sale. We are proud to offer an extremely honest set of bulls and two elite female prospects that represent long-term success and profitability for the entire beef production system. We design our cattle with full commitment to the commercial producer and what we feel represents the modern-day beef industry. Our production goal is simple; to produce beef cattle with consistent and predictable pregnancies, with high-percentage body weight weaning and with convenience traits.

The No. 1 economic loss to the beef herd is open cows as this business is about pregnant cows and live calves. Accomplish that and couple it with an emphasis on the number of calves produced over a lifetime and you have the ingredients for success. People say pounds sell but in my opinion, the factory has to produce those pounds consistently for a decade in order to have continued success.

We expect our cows to wean a high percentage of their body weight under working conditions. We run our cows under strict calving periods and under the same conditions any commercial producer would as it's a margin-driven production model.

Although "convenience traits" is a term often loosely thrown around the beef cattle business, we have clearly defined these traits for our cows. Our cows have instinct, balanced hormones and do their job every single day. Convenience traits are cows that require minimal attention in order to perform. These cows will get pregnant, calve unassisted, mother their calf and never need extra attention. Cows that are high in convenience traits work for you instead of you working for them.

We believe this business is about balance, understanding that there are thresholds and this is a marathon not a sprint. Our 10 years in the business have yielded us with extremely valuable knowledge and experience and we continue to grow year after year. We strive to produce honest cattle that represent all current economic pressures to our business.

We invite and encourage you to come see our entire cowherd at any time and witness for yourself that we practice what we preach and have nothing to hide. We are committed to fulfilling the needs for your operation and your ongoing success. We work every day to refine and progress our product with the commitment to make the commercial cow business more successful for everyone. We thank you for your time and interest in the offering. We are always standing by to assist in any way possible.

Let's get better together!

Sincerely,
Jordan Rhodes and our entire crew here at RREDS

Tri-State Neighbor
Donnie Leddy.....605-695-0113
Cattle Business Weekly

Retained Interest:

Retaining 1/3 semen interest and selling 2/3 semen interest and full possession.

Guarantee:

All of the bulls in this offering are guaranteed to pass a fertility and health examination. In the event of a bull failing a semen test or being injured, a suitable replacement will be furnished if available. We encourage buyers to purchase livestock loss of use and mortality.

Supplement Sheet:

Scrotal measurements and current weights and gains will be available on sale day. Yearling bulls will not be semen tested, but the aged bulls will be tested and ready to go.

Feeding and Delivery:

We will continue to feed and develop the bulls until late-March and April. We will deliver the bulls free to the state of South Dakota and surrounding states. If the bulls go anywhere else, we will do our part to provide a ride for those bulls for a fair rate.

Liability:

All persons attending the sale do so at their own risk.

Catalog & Videos..... DVAuction.com
Facebook..... Rhodes Red Angus

Online Bidding:

Real-Time bidding is available through DVAuction.com. See page 2 for instructions to register before the sale to bid online.

Health Program:

We utilize an extensive preventive medicine/vaccination program to ensure our herd has every opportunity to optimize performance, fertility, and overall herd health. Spring Vaccination: BVD I & II, IBR, BRSV, PI3, Mannheimia hemolytica, Pastuerella multocida (Vista Once), 7-way clostridial (Vision 7), AHC Autogenous Mycoplasma bovis, Moraxella bovoculi, injectable dewormer (LongRange). Pre-conditioning prior to weaning: Vista Once, 7-way clostridial, Histophilus somnii (Vision 7/Somnus), AHC Autogenous Mycoplasma/Pinkeye. Weaning: IBR, BRSV, PI3 intranasal (Inforce 3), Vista Once, Vision7/Somnus, AHC Autogenous Mycoplasma/Pinkeye, Injectable dewormer (Ivomec 1%) Deloused (Cleanup II). The bulls will also have passed a breeding soundness exam prior to sale and will be vaccinated and ready for breeding.

Breeding Vaccination:

BVD I&II, IBR, BRSV, PI3, Campylobacter, 5-way leptospira (Virashield 6 VL5), AHC Autogenous Mycoplasma/Pinkeye, Fusobacterium necrophorum (Fusogard), Deloused (CleanupII). Herd Health programs are developed and overseen by Dr. Bode at the Animal Health Center in Faulkton, SD.

Terms & Conditions:

The terms of the sale are cash and all settlements must be made at the close of the auction. All breeding animals are guaranteed in accordance with the rules and regulations set forth by the Red Angus Association of America.

DVAuction Broadcasting Real-time Auctions

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- 1) Visit the DVAuction web site at www.dvauction.com
- 2) Click on the "Register" tab
- 3) Enter a user name, password and your contact information.
- 4) Click on "Apply for Bidding."
 - Select the sale from the list of other auctions and click "Apply".
 - Complete the process by filling out the Banking & Lending information requested.
 - Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
 - If you would prefer to be approved using your credit card, call (402) 316-5460.
 - Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or (402) 474-5557 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DV Auction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DV Auction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

Top Dollar Angus Feeder Calf Program

Promote Your Verified Genetic Investment

Top Dollar Angus is the industry leader in third-party genetic verification and marketing assistance for superior Angus and Red Angus-based feeder cattle. Our program stamps a unique identity on the 'best of the best' by verifying and then showcasing their genetic merit. The Top Dollar Angus team works directly with a large number of feedyards and buyers to provide them with documented superior

feeder cattle, coupled with genetic risk mitigation and the precision understanding they need to pursue your cattle with absolute confidence.

Top Dollar Angus enables cow-calf producers to benefit from the genetic value already built into their herds. Producers that invest in high-end genetics, as well as strong health and nutrition programs, need a means of positively differentiating their calves from average cattle. Top Dollar Angus does that. Industry demand is strong for genetically superior feeder calves with the right supporting documentation. Don't make buyers guess, let them know by putting the Top Dollar Angus badge of honor on your premium genetic investment.

This year we have selected our local FFA chapter to receive 100% of the three donation lots. This donation is intended to help educate the kids of our community in animal agriculture. This will specifically teach them the skills of artificial insemination and phenotype evaluation. We love to pay it forward and help our youth gain and develop a passion for the business we love. We want to help provide a path for them to gain the skills necessary to successfully breed and evaluate cattle. You will have your pick of any cow on our place. We have an incredible donor battery full of opportunities including the mothers to many of our herd-sires such as Pathfinder, Blueprint (Mother and Grandmother), U2 Renown just to name a few. Your success with this opportunity would be our greatest joy. We would love to discuss any available donors before you purchase.

Lot A

Flush of any cow on the ranch minimum of 4 viable embryos. At buyer's expense and seller's convenience.

Lot B

50 units of any bull owned or raised by Rhodes Red Angus with inventory on hand. Seller to work with buyer to accommodate to the best of our ability. Take 10 or more.

Lot C

Up to 100 free AI arm services sell separately to be used in conjunction with any raised or owned Rhodes herd sire with semen inventory on hand.

J199 stems from a cow family that leaves great udders, very productive, and extremely maternal oriented. Her young dam is the cow pictured when she was a bred heifer. The Seneca adds calving ease and a correct growth curve leaving you fleshing ability and forage conversion. Endless mating options on this heifer. Take advantage here as we are bringing our very best to town and it pains us to open the gate on the replacements.

J184 comes from a very proven cow that lasted until she was 16 raising a calf every year. This heifer is bred for maternal production and real longevity. This heifer is one that will make you drool when she enters production. Blue collar is doing a great job leaving very functional offspring, correct udder attachments, and ideal feet. Pictured is her dam as an 11-year-old cow.

Affectionately known as Gus, this Common Sense son is a younger bull in the sale and shouldn't be overlooked. He is complete in nearly every way. Gus checks a lot of boxes and provides the balance we need more of in this business. His mother is a full sibling to Pioneer and a cow that is starting her career off right doing a great job on the ranch.

Another young Common Sense son that is not to be overlooked. A little green compared to his contemporary group but excellent genetic potential. This bull continues to get better everyday.

We purchased the U.S. interest in Township simply because of his mother. She is an ideal Red Angus cow that epitomizes everything we strive for in genetic progress. The Township sons have exceeded our expectations for excellent breed character, fleshing ability, muscle and overall function.

Pathfinder from my favorite cow family. His mother is a moderate Pioneer daughter stacked with generations of fertile cows that wean a very high percentage of their body weight.
